

KOOL AND CLEAN CLASSROOMS

A FAMILY-POWERED SOLUTION FOR HAWAII'S OVERHEATED SCHOOLS

! THE PROBLEM

- DOE failure after \$105M unaccounted for in 2016.
- Persistent heat and poor air quality disrupt learning in Hawai'i's classrooms
- Students deserve clean, cool air—now, not later,

THE SOLUTION

Antiviral Filtration

Reduces airborne particles and microbes

USB-Powered

Low energy draw, perfect for Hawai'i's infrastructure

Quiet & Portable

Desk-friendly, culturally inspired design

Easy Maintenance

Color-coded cartridges + freezer rotation system

KOOL AND CLEAN CLASSROOMS PROGRAM
A DUAL-IMPACT INITIATIVE THAT EMPOWERS FAMILIES.

FAMILY ACTION

Buy a discounted cooling unit for home

An identical unit is donated to your child's classroom

WHY IT WORKS

- **Antiviral Filtration:** Reduces airborne particles and microbes
- **Quiet & Portable:** Desk friendly, culturally inspired design
- **Easy Maintenance:** Color-coded cartridges + freezer rotation system
